CSAC Legislative Conference a “Can’t Miss” Event

California is truly at the crossroads of ruin and recovery. The decisions within the Capitol over the next few months will define our state’s future. And, as always, these decisions will have significant impacts on California’s 58 counties. The months ahead will be a critical period for our state and counties. And in the middle of this timeframe, we will be holding our annual **Legislative Conference** in Sacramento.

The CSAC Legislative Conference is scheduled for June 1-2, just a couple of weeks after the release of the ever-important Governor’s May Budget Revision. It will also be held less than a month before the end of the fiscal year. We cannot think of a more appropriate time to hear from state leaders, and, as an Association, discuss these issues.

We have a number of interesting speakers lined up, and the Governor has been invited to address our membership during the luncheon. We will also be conducting an in-depth workshop on the proposed realignment of programs, providing you with the latest news and how it all could affect our county budgets and programs. This year, more than any other, your voice is critical to shaping the future of California counties.

As a key member of our Association, you cannot afford to miss this conference. Only at this conference will you be able to receive the latest budget and policy news and be in a position to affect how California’s counties address the issues arising from that budget proposal.
