

Amnesty Program Rollout & Informational Sessions

As October 1st rapidly approaches, counties and the courts are preparing to implement the Traffic Amnesty Program passed by the Legislature and signed into law by Governor Brown on June 24, 2015. The most recent version of the Frequently Asked Questions (FAQs) and Program Guidelines with additional information is available on the courts website www.courts.ca.gov/partners/941.htm.

In an effort to make sure the program is implemented with as little confusion and problems as possible, web-based training sessions for court and county staff, third party vendors, and other stakeholders will be held in September. The sessions are intended to provide an overview of the program and available resources, an opportunity for administrating entities and program stakeholders to pose questions to subject matter experts, and communicate other relevant updates.
