Re: Homelessness Funding Accountability

Dear Governor Newsom, Senate President pro Tempore Atkins, and Speaker Rendon:

On behalf of the AT HOME Coalition for Accountability, our organizations write to advocate for the adoption of budget trailer bill language (TBL) that enacts clear accountability, collaboration, and responsibilities for sustainable homelessness funding. Our diverse coalition made up of local governments, non-profit organizations, and business associations has come together to support achieving those goals through the adoption of the AT HOME plan, developed under the leadership of the California State Association of Counties (CSAC). We are grateful for your leadership in supporting additional homelessness investments and an accountability framework in this year's state budget and want to highlight the relevant provisions of the AT HOME plan for your consideration as agreements are reached on the Budget Act and associated trailer bills.

Homelessness is an urgent humanitarian crisis with an estimated 172,000 unhoused individuals in California. The AT HOME plan (Accountability, Transparency, Housing, Outreach, Mitigation & Economic Opportunity) includes a full slate of policy recommendations to help build more housing, prevent individuals from becoming homeless, and better serve those individuals who are currently experiencing homelessness. The policy recommendations contained in the Accountability pillar form the core elements of a proposed comprehensive homelessness system with clear responsibilities and accountability aligned to authority, resources, and flexibility for all levels of government. Our coalition is urging the adoption of these provisions as the Accountability framework for the budget trailer bill that is currently being negotiated.

CSAC has drafted language for the Accountability pillar and has shared with appropriate staff within the Administration and the Legislature. The core elements of the Accountability pillar include:

- Requiring local collaboration and submission of one countywide or regional homelessness plan.
- Requiring counties and cities to agree to a defined set of roles and responsibilities as a condition of receiving HHAP funding.
- Enacting strong accountability mechanisms including a corrective action plan.
- Providing ongoing HHAP funding to support the required plan.
- Establishing a three-year grant cycle to allow for multi-year outcomes and consistent funding levels.
- Funding the required plan through a fiscal agent that must be a county or city as they are accountable to constituents and have unique authority to site required infrastructure.
- Utilizing the required plan to determine allocations from the fiscal agent to subrecipients commensurate with their roles and responsibilities in the plan.
- Maintaining maximum local flexibility for use of HHAP funding consistent with the required plan.

True progress on homelessness can only be achieved when it is clear who is responsible for what, and when sustainable funding and accountability provisions are aligned with those defined responsibilities. That is what can be accomplished with the Accountability pillar of the AT HOME plan. The AT HOME Coalition for Accountability respectfully asks for your consideration. We look forward to a continued partnership on this urgent humanitarian issue.
