May 17, 2017 for CSAC
Draft Medical Regulation Release (April)

Public Review and Comment
(45/15 days May-June)

Comments Considered, Revisions Drafted (Summer)

Revisions Released for Public Comment (Late Summer)

Final Regulations Adopted (Late 2017)
Adult Use Emergency Regulation Released
(Summer/Fall-Not Implemented until Jan 1, 2018)

Draft Adult Use Regulations Released
(Shortly After Emergency Regulations are Issued)

Public Review and Comment

Comments Considered, Revisions Drafted

Revisions Released for Public Comment

Final Regulations Adopted
Trailer Bill

There is currently budget trailer bill language designed to align the Medical Act with Proposition 64.

If that bill passes, the proposed regulations will be withdrawn and a new set of regulations consistent with changes in the law will be proposed.

However, public comments on the regulations published on April 28, 2017, are still very important. Many of the provisions in these licensing regulations will carry over to new regulations if the trailer bill passes. Public comments now will provide valuable information and guide efforts when crafting any new regulations.

May 17, 2017 for CSAC
CalCannabis is deploying two technology projects by Jan 2018:

1. Online licensing system
2. Track and trace system
Programmatic EIR

- Programmatic Environmental Impact Report (PEIR)
- Began medical PEIR in April 2016
- Added AUMA in April 2017
In the process of analyzing several required factors to determine if there is a significant impact caused by our “project.”

Different mitigations may apply to different types of cultivations sites.
How to Submit Comments

1. Email Comments
Write in the email subject line: Comments on Medical Cannabis Cultivation Regulations
Address email to: CalCannabisRegs@cdfa.ca.gov

2. Mail Comments
California Department of Food and Agriculture
