Daily Focus

California Public Health Officials released Guidance requiring Californians to wear face coverings in most settings outside the home. See the press release here.

Today's guidance mandates the use of cloth face coverings by the general public statewide when outside the home, with limited exceptions.

A growing body of scientific research has shown that people with no or few symptoms of COVID-19 can still spread the disease and that the use of face coverings, combined with physical distancing and frequent hand washing, will reduce the spread of COVID-19.

Governor Newsom also addressed why he took this action now. “Simply put, we are seeing too many people with faces uncovered – putting at risk the real progress we have made in fighting the disease. California's strategy to restart the economy and get people back to work will only be successful if people act safely and follow health recommendations. That means wearing a face covering, washing your hands and practicing physical distancing.”

*Data received from Great Plates Data Portal updated twice per week.

- Restaurants and food providers interested in participating can fill out this form: [https://state-of-california-agency.forms.fm/great-plates-delivered-food-provider-interest-form/forms/7917](https://state-of-california-agency.forms.fm/great-plates-delivered-food-provider-interest-form/forms/7917) (Click the “START” button)

- Due to recent 30-day extension, the program will now continue until July 10th.

- Food provider meals must meet the following nutritional requirements:
  
  o Breakfast: low in sodium, no sugary drinks (<24 grams /8 oz. and of fruit juice, must be only 100 percent fruit juice allowed);

  o Lunch and dinner: a piece of fresh fruit or vegetable on each dish, and low in sodium, no sugary drinks (<24 grams /8 oz. and of fruit juice, must be only 100 percent fruit juice allowed)
COVID-19 at a Glance

For skilled nursing facility data, visit: [Skilled Nursing Facilities: COVID-19](#)

As of June 17, local health departments have reported 12,685 confirmed positive cases in health care workers and 78 deaths statewide.

The latest data is linked at [https://covid19.ca.gov/](https://covid19.ca.gov/) and features:

- Hospital Data
- County maps
- Cases by county
- Distributed PP
Racial Demographics – A More Complete Picture

- Health outcomes are affected by forces including structural racism, poverty and the disproportionate prevalence of underlying conditions such as asthma and heart disease among Latinos and Black Californians.

- Overall, for adults 18 and older, Latinos and African Americans are dying at disproportionately higher levels. The proportion of COVID-19 deaths in Latinos is more than 1.5 times their population representation across all adult age categories.

- Almost half of all deaths continues to be in the 80+ age category.
  
  o More information is available at COVID-19 Race and Ethnicity Data.

- Nationwide COVID-19 Numbers
  
  o As of June 18, there have been 117,632 deaths, 754 new deaths since yesterday.
  
  o 2,155,572 positive cases 22,834 new cases since yesterday- in 55 jurisdictions (50 states, District of Columbia, Puerto Rico, Guam, Northern Marianas and US Virgin Islands).

The CDC also provides a weekly summary and interpretation of key indicators that have been adapted to track the COVID-19 pandemic in the United States.
- Taskforces stood up by the State Operations Center (SOC) to address various COVID-19 response issues:
  - Communications/Crisis Communications (ESF* 2/ESF 15)
  - Transportation and Infrastructure (ESF 1/ESF 3)
  - Housing and Social Services (ESF 6)
  - Logistics/Commodity Movement (ESF 7)
  - Fire/Law Enforcement (ESF 4/ESF 13)
  - Public Health and Medical (ESF 8)
  - Schools Task Force
  - Economic Impact/Recovery Task Force

State Owned Ventilators

- **As of June 17, 2020**
  - Ventilators:
    - Received by the state: 1,843
    - Out of service: 788
    - Available for use: 870
    - Assigned: 185

LISTOS California

- The Listos California Emergency Preparedness Campaign is successfully reaching over 1 million vulnerable Californians with the information they need to prepare for natural disasters and the COVID-19 pandemic.

- All elected officials are invited to serve as an important megaphone for the 5-steps of preparedness. We have prepared a dropbox [here](#) filled with information you can share with your constituents via social media, newsletters and/or visits with your local community. Please review this Table of Contents [here](#) to better understand how to leverage these well-designed materials.

- Please contact our Listos California Co-Chairs, Karen Baker or Justin Knighten should you need any assistance.

Recovery Questions

- If local governments have specific questions about COVID-19 recovery please send them to disasterrecovery@caloes.ca.gov.

Actions Taken by the State and Federal Government

- June 18, California Department of Public Health (CDPH) released updated Guidance that requires Californians to wear a face mask in high risk settings.

- June 15, Governor Gavin Newsom signed an executive order that extends waivers temporarily broadening the capability of counties to enroll persons into the CalWORKs program, allowing for self-attestation of pregnancy and conditions of eligibility, and waiving in-person identification requirements. The order also extends permission for commercially-licensed food trucks to operate in roadside rest areas, in compliance with a temporary permit issued by Caltrans, to ensure essential infrastructure workers have access to food; suspends face-to-face visits for eligibility for extended foster care; and extends deadlines related to the payment of real estate license application and renewal fees and continuing education requirements for licensees.

- June 8, the California Department of Education released comprehensive guidance that will support public school leaders across the state as they work with their local health officers to plan for the safe reopening of campuses and classrooms this fall.

- Governor Newsom announced Federal Health and Safety Certification of Life-Saving N95 Masks
- June 5, Governor Newsom signed an executive order allowing for the temporary manufacture of over-the-counter drugs such as hand sanitizer, and medical devices, such as respirators, ventilators and masks, by firms not currently licensed by the California Department of Public Health.

- June 3, Governor Newsom signed an Executive Order on a Safe, Secure, and Accessible General Election in November.

- May 29, Governor Newsom signed an Executive Order on Actions in Response to COVID-19, including extending authorization for local governments to halt evictions for renters impacted by the COVID-19 pandemic, through July 28.

- May 29, FEMA announced it will provide to California 50,347 non-contact infrared thermometers for distribution to businesses and other essential workplaces.

- May 27, Governor Gavin Newsom continued the Economic Recovery & Reinvention Listening Tour and hosted a digital roundtable with Californians who work in the fitness industry. Recorded Livestream available here.

- May 26, California Department of Public Health announced that counties that have attested to meeting the criteria for accelerated re-opening may re-open hair salons and barbershops with modifications such as mandatory face coverings for both barbers or stylists and clients.

- May 25, the California Department of Public Health announced the statewide reopening of places of worship for religious services and in-store retail shopping.

- May 22, Governor Gavin Newsom launched California Connected, the state’s comprehensive contact tracing program and public awareness campaign. As part of California Connected, public health workers from communities across the state will connect with individuals who test positive for COVID-19 and work with them, and people they have been in close contact with, to ensure they have access to confidential testing, as well as medical care and other services to help prevent the spread of the virus.
• May 19, Governor Gavin Newsom issued an executive order that:
  o Eases the strain on domestic violence service providers by waiving the 10 percent cash or in-kind matching requirements for state grants awarded to these organizations.
  o Waives the deadline to verify grade point average and waives certain certification requirements and selective service registration verification for Cal Grant applicants.
  o Suspends programmatic deadlines for entities that receive funding from the Energy Commission for the development and deployment of new technologies that support the state’s clean energy and decarbonization goals.
  o Extends the timeframe for local governments to submit claims for reimbursement to the State Controller’s Office.

• May 18, California Department of Public Health Announces New Regional Variance Opportunity
  o The new variance announcement for attestation includes criteria important for larger, more densely populated counties.
  o To qualify, counties must
    ▪ attest that hospitalization and test positivity rates are stable or declining;
    ▪ that they have a significant level of preparedness with testing, contact tracing, PPE and hospital surge; and
    ▪ that they have adequate plans related to county-wide containment.
How People Can Protect Themselves:
We are all in this together. We are working rapidly to keep our state healthy. Every person has a role to play. Your actions save lives.

DO:
- Stay home
- Avoid people outside your household
- Wash hands with soap and water for at least 20 seconds
- Wearing a cloth face mask when out in public
- Cover your cough or sneeze
- Frequently clean and disinfect touched objects and surfaces
- Maintain physical distance of six feet whenever outside of the house

DON'T
- Leave the house except for essential activities
- Shake hands
- Touch your face
- Go to the doctor if you are not sick
- Stockpile masks or gloves

- It is also important that anyone experiencing symptoms of COVID-19, call their health care provider first before seeking medical care so that appropriate precautions can be taken.
- Stay away from work, school or other people if you become sick with respiratory symptoms like fever and cough.
Mental Health

- The stress we are all feeling right now triggers the biological stress hormone. Stress shows up in individuals differently.
- Call you doctor or mental health professional if you have concerns.
- 16 hotlines offering emotional support for a variety of situations and other helpful mental health resources available here: https://covid19.ca.gov/resources-for-emotional-support-and-well-being/

About the Tests:

- As of June 17, there have been 3,074,530 tests conducted in California and reported to the California Department of Public Health. This represents an increase of 76,542 tests over the prior 24-hour reporting period. These numbers include data from commercial, private and academic labs, including Quest, LabCorp, Kaiser, University of California and Stanford, and the 25 state and county health labs currently testing. You can find a testing site in your area on the main CA COVID-19 website: covid19.ca.gov.

- Testing should be used for medical evaluation of persons with symptoms of COVID-19 as well as for efforts by public health agencies and essential employers to prevent and control the spread of COVID-19.

- The California Department of Public Health launched an interactive website to help Californians quickly search testing sites by location and schedule an appointment. The testing locator website features community testing locations which are open to Californians who meet current testing guidelines.

- **California Small Business Loan Guarantee Program** (via IBank) is making available $50 million in state funding, providing potential capital for individuals who do not qualify for federal funds.
  - Small Businesses located in California with 1-750 employees that have been negatively impacted or experienced disruption by COVID-19 and nonprofits are eligible.

- U.S. Small Business Administration (SBA) has declared all California counties eligible for the Economic Injury Disasters Loans.

- U.S. Small Business announced that agricultural businesses are now eligible for SBA’s Economic Injury Disaster Loan (EIDL) and EIDL Advance programs.

- This SBA declaration makes Economic Injury Disaster Loans available to impacted small businesses, small agricultural cooperatives, small businesses engaged in aquaculture, and private non-profit organizations.
SBA loans can be approved up to $2 million but are limited to the economic injury determined by SBA. These loans are intended to assist through the disaster recovery period.

- In response to the COVID-19 pandemic, small business owners in all U.S. states, Washington D.C., and territories are eligible to apply for an Economic Injury Disaster Loan advance of up to $10,000. This advance will provide economic relief to businesses that are currently experiencing a temporary loss of revenue. Funds will be made available within three days of a successful application. This loan advance will not have to be repaid.

- This advance may be available even if your EIDL application was declined or is still pending and will be forgiven. If you wish to apply for the Advance on your EIDL, please visit https://covid19relief.sba.gov/#/ as soon as possible to fill out a new, streamlined application.

- In order to qualify you need to submit this new application even if you previously submitted an EIDL application. Applying will not impact the status or slow your existing application.

- U.S. Small Business Administration announced changes to help borrowers still paying back SBA loans from previous disasters. By making this change, deferments through December 31, 2020, will be automatic. Now, borrowers of home and business disaster loans do not have to contact SBA to request deferment.

- Information on these and other programs can be found at: https://covid19.ca.gov/business-and-employers/
