Justice, and Science  
House Appropriations Committee  
1016 Longworth HOB  
Washington, DC 20515

Dear Chairmen Rogers and Culberson and Ranking Members Lowey and Fattah:

As you consider the Fiscal Year 2016 Commerce, Justice, Science Appropriations bill, we urge you to appropriate adequate resources to the State Criminal Alien Assistance Program (SCAAP) at a level appropriate to effectively execute the program’s purpose.

As you know, SCAAAP is a grant program that reimburses states and local governments for the cost of incarcerating undocumented immigrants convicted of crimes. By law, the federal government is ultimately responsible for immigration enforcement, including the incarceration of undocumented criminal offenders. When this is not possible, the law requires the federal government to compensate state and local governments for their incarceration costs.

Although appropriations levels for SCAAAP have decreased dramatically in recent years, the costs incurred by states to fulfill what is essentially a federal function have increased. We cannot afford to reduce resources for this vital program, which already falls far short of what states and local governments actually spend to incarcerate undocumented criminal offenders. Reducing federal SCAAAP reimbursements forces state and local law enforcement agencies to absorb a greater portion of the costs of a federal responsibility.

We recognize the challenges of the current fiscal environment and thank you for your effort and dutiful consideration of FY 2016 appropriations priorities. We respectfully ask that the
benefits of SCAAP to our local jurisdictions be carefully considered and that the program be appropriated at a level consistent with its federally mandated responsibility.

Sincerely,

Paul A. Gosar D.D.E.
