

**CHAPTER 7 OF TITLE 18
INDUSTRIAL ZONE DISTRICTS**

18.07.010	PURPOSE AND INTENT	7-1
18.07.020	INDUSTRIAL ZONE DISTRICTS	7-1
18.07.030	USE REGULATIONS	7-2
18.07.040	SITE DEVELOPMENT STANDARDS	7-5

18.07.010 PURPOSE AND INTENT

1. The General Plan outlines the goals, objectives and policies establishing the character and location of regional commercial and industrial land uses within the County. It is the purpose of this Chapter to provide regulations that implement those goals, objectives, and policies that assure the availability of a solid and diversified economic base that is capable of offering a wide range of employment opportunities to the residents of the County.
2. The provisions of this Chapter are intended to ensure that specific, well-defined patterns of industrial activities are established which are compatible with the surrounding land uses, provide adequate access to the regional transportation network, and accommodate the employment and personal needs of workers and business visitors which meet the service needs of local businesses.
3. It is the further intent of the provisions of this Chapter to:
 - a. Preserve appropriate areas for industrial uses and protect these areas from intrusion by residential and other incompatible land uses;
 - b. Protect adjacent land uses from noise, odor, dust, smoke, truck traffic, fire, explosion, radiation and other potential hazards and objectionable influences associated with certain industrial uses;
 - c. Provide adequate open space around industrial structures to protect them from hazards and to minimize the impact of industrial plants on nearby residential or commercial districts; and
 - d. Minimize traffic congestion and avoid overloading utilities by regulating the construction of buildings and structures of excessive size relative to the size of the building parcel.

18.07.020 INDUSTRIAL ZONE DISTRICTS

1. Light Industrial (LI) Zone district.

The intent and purpose of this Section is to provide a zone for suitable and appropriate area for light, less intense, small scale manufacturing activities, research and development, distribution, multi-tenant industrial uses, a limited amount of outdoor storage or activities, provided they are clearly accessory and incidental to the main use, administrative support, professional offices, and commercial activities on a limited basis.
2. General Industrial and Extractive (GI) Zone District

The intent and purposed of the General Industrial and Extractive zone district is intended to provide space in suitable locations in the County for all types of manufacturing, warehousing, processing, mining, ore reduction and mineral development activities, provided such activity does not cause pollution of any human or natural resource.

18.07.030 USE REGULATIONS

1. Identified in Table 7.A of this Chapter are those land uses or activities which may be permitted in the industrial zone districts, subject to the provisions of this Title and applicable General Plan policies. This table also indicates development procedure and approval type by which each listed land use or activity may be permitted in the industrial zone district.
2. Land uses within the industrial zone districts shall meet the provisions of this Title and all applicable local, state, and federal hazardous materials legislation, in addition to the provisions of this Chapter.
3. If permitted, land uses within the industrial zone districts which are or would be deemed "Hazardous Materials Handlers or Generators," as defined in the County Hazardous Waste Management Plan, shall be subject to a conditional use permit
