PURPOSE: The purpose of the CSAC Resiliency Advisory Committee will be to engage in a number of efforts aimed at disaster recovery, resiliency and pre-hazard mitigation, including:

Recovery

- Provide forums and information exchange for county leaders to connect and share experiences about disaster recovery and lessons learned.
- Work with staff to engage in the state and federal process to influence the allocation of resources from the relevant agencies to provide fiscal relief for California, including funds for lost property tax, pre-hazard mitigation and adaptation.

Resiliency

- Work with the state to develop effective tools to reduce risks and enhance the resiliency of communities and infrastructure.
- Engage with the Legislature and Administration and other stakeholders to improve fire threat evaluation, hazard mitigation, carbon storage capacity and tree mortality and forest management practices.

OUTCOMES:

- **Develop and Update Disaster and Resiliency Policy for CSAC County Platform:** The Advisory Committee will work to update and develop policies on disasters and resiliency to incorporate in the CSAC County Platform.
- **Engage with the Administration** and the Joint Legislative Committee on Emergency Management. The Committee will work with the Administration and the Legislature to provide input on proposals and engage in outreach activities.
- **Regional Forum:** The Advisory Committee will provide input to CSAC staff in planning a Regional meeting in Santa Barbara focused on resiliency and disaster recovery.
- **Resource Development:** The Advisory Committee will guide staff in the creation of a resources webpage for local governments that will include a variety of disaster recovery and climate adaptation resources.
- **Host a Joint Meeting with NACO Resilient Counties Advisory Board:** The Advisory Committee will host a joint meeting with the NACo Resiliency Board at a scheduled event in the fall, either the Economic Summit, or the Governor's sponsored UN Climate Summit.

PROPOSED MEETINGS:

- Regional Meeting in Santa Barbara, June 27 - 28:
The Advisory Committee will help plan a regional resiliency and adaptation meeting in Santa Barbara County for Supervisors and senior staff.
- The Global Climate Action Summit in San Francisco, September 12-14:
The Advisory Committee will send a delegation, and/or co-host a sponsored event at the Summit, which is sponsored by Governor Brown.
- California Forward Economic Summit in Santa Rosa, November 15 - 16:
The Advisory Committee will participate and/or hold a joint meeting with the NACO Resilient Counties Advisory Board at the 2018 California Forward Economic Summit.
