FINDINGS OF THE BOARD OF SUPERVISORS OF THE COUNTY OF YUBA AUTHORIZING THE AMENDMENT OF CHAPTER 7.40 OF THE YUBA COUNTY CODE TO PROHIBIT OUTDOOR CULTIVATION OF MARIJUANA, REGULATE THE STRUCTURES WITHIN WHICH MARIJUANA MAY BE CULTIVATED, AND ESTABLISH A REGISTRATION PROCESS

THE BOARD OF SUPERVISORS OF THE COUNTY OF YUBA FINDS AND ORDAINS AS FOLLOWS:

SECTION 1. The Board of Supervisors of the County of Yuba, by four-fifths vote, hereby finds and declares the following:

A. Chapter 7.40 of the Yuba County Code is intended to implement state law by providing a means for regulating the cultivation of medical marijuana in a manner that is consistent with state law and which balances the needs of medical patients and their caregivers and promotes the health, safety, and welfare of the residents and businesses within the unincorporated territory of the County of Yuba.

B. The cultivation of marijuana outdoors, where it is often readily observable by neighbors and the general public, increases the risk of trespassing and burglary, and acts of violence in connection with the commission of such crimes or the occupants’ attempts to prevent such crimes. Outdoor cultivation further makes the premises more prone to act as an attractive nuisance for children, and increases the likelihood of offensive odors traveling off the premises. Additionally, experience in Yuba County, and elsewhere, demonstrates that outdoor cultivation of marijuana is often associated with violations of local, state, and federal environmental laws and pesticide regulations, threatening harm to local waterways and groundwater quality, and endangering the public health and safety. The previous provisions of Chapter 7.40, which allowed limited outdoor cultivation, did not fully mitigate these adverse effects.

C. The indoor cultivation of marijuana within a residence or other structure used or intended for human occupancy presents potential health and safety risks to those living in the residence or otherwise occupying the structure, especially to children, including, but not limited to, increased risk of fire from grow light systems, exposure to fertilizers, pesticides, anti-fungus/mold agents, and exposure to potential property crimes. The previous provisions of Chapter 7.40, which did not restrict the structures in which marijuana may be cultivated, did not fully mitigate these adverse effects.

D. Prohibiting the cultivation of marijuana outdoors or within a residence or other structure used or intended for human occupancy is proper and necessary to avoid the aforementioned harms, and to protect the health, safety, and welfare of the residents and businesses within the unincorporated territory of the County of Yuba.
E. The Board of Supervisors has heard substantial evidence that Yuba County, because of its current marijuana cultivation ordinance, has become an attractive location for out-of-county and out-of-state for profit cultivators to come to for the purpose of large scale marijuana grows. Recently many counties in Northern California have adopted more restrictive marijuana cultivation ordinances, making Yuba County an even more attractive option for marijuana cultivators. The Board finds that immediate action, in the form of an urgency ordinance is necessary to curb the potential influx of large scale marijuana cultivation in the County.

F. Due to unusual climatic and environmental conditions, including the prolonged drought conditions and resultant dry winter, the 2015 outdoor marijuana cultivation season is expected to start early, prior to the end of March. Consequently, outdoor marijuana plantings are imminently likely to occur within the next thirty days, before a non-urgency ordinance could take effect. Additionally, indoor cultivation within a residence or other structure used or intended for human occupancy may occur at any time, and the harm threatened by such cultivation is immediate.

G. On January 17, 2014, Governor Brown declared a Drought State of Emergency ordering State agencies to prepare for water shortages. On February 14, 2014, the County of Yuba proclaimed a Local Emergency regarding the drought; the County of Yuba remains in a State of Emergency.

H. On February 24, 2015 the Yuba County Board of Supervisors adopted Resolution 2015-17, proclaiming the existence of an ongoing local drought emergency.

I. On February 27, 2015 the Federal Bureau of Reclamation, Central Valley Project reported that they will not allocate water from the region’s major irrigation project to most farmers for a second year in a row resulting fewer crops and more fallowed land.

J. On March 3, 2015 the California Department of Water Resources released a report titled “Nature’s Mountain Snowpack “Reservoir” Still Lacking; Third Manual Survey Confirms Shrinking Water Content.” The report states that “the snowpack’s water content this year is historically low” and is “... just 5 percent of the March 3 historical average.” The disappointing forecast for water storage and deliveries is dreadful and further exasperates the current drought.

K. Adoption of this Ordinance under urgency is necessary for the immediate preservation of the public peace, health, and safety, as set forth in Government Code section 25123, subdivision (d), in order to prevent further cultivation of marijuana outdoors or within residences or other structures used or intended for human occupancy in Yuba County, which would threaten significant impacts on the public peace, health, and safety if permitted to occur.
L. Adoption of such amendments immediately will further ensure that the prohibition of outdoor marijuana cultivation becomes effective early enough in the outdoor growing season to allow any marijuana plants previously planted outdoors to be transplanted to a permitted indoor structure by the grower, without undue hardship to medical patients and their caregivers eligible to cultivate marijuana in accordance with applicable law.

PASSED AND ADOPTED at the regular meeting of the Board of Supervisors of the County of Yuba held on the 28th day of April 2015, by the following vote:

ARTICLE I
GENERAL PROVISIONS

7.40.100 Authority
Pursuant to authority granted by Article XI Section 7 of the California Constitution, Section 11362.83(c) of the California Health and Safety Code and Section 25845 of the California Government Code, the Yuba County Board of Supervisors does hereby enact this Chapter.

7.40.110 Purpose & Intent
The purpose and intent in adopting this Chapter is to acknowledge State law as it relates to medical marijuana and to reduce conditions that create public nuisances through enacting these regulations including without limitation, restrictions as to location of cultivation, the number of marijuana plants, and the use of screening and security structures, to more effectively control the adverse impacts associated with marijuana cultivation as stated herein, while considering the desires of qualified patients and primary caregivers, in furtherance of the public necessity, health, safety, convenience, and general welfare within the Board's jurisdictional limits. Nothing in this Chapter shall be construed to authorize any use, possession, cultivation, or distribution of marijuana for non-medical purposes or that is in violation of state or federal law.

7.40.120 Findings
A. The Federal Controlled Substances Act, 21 U.S.C. §§ 801 et seq., classifies marijuana as a Schedule I Drug, which is defined as a drug or other substance that has a high potential for abuse, that has no currently accepted medical use in treatment in the United States, and that has not been accepted as safe for use under medical supervision.
B. The Federal Controlled Substances Act makes it unlawful, under federal law, for any person to cultivate, manufacture, distribute or dispense, or possess with intent to manufacture, distribute or dispense, marijuana. The Federal Controlled Substances Act contains no
exemption for the cultivation, manufacture, distribution, dispensation, or possession of marijuana for medical purposes.

C. Division 10 of the California Health and Safety Code, Uniform Substance Control Act, makes it unlawful, under State law, for any person to cultivate, manufacture, distribute or dispense, or possess with intent to manufacture, distribute or dispense, marijuana.

D. In 1996, the voters of the State of California approved Proposition 215, "The Compassionate Use Act", (codified as Health and Safety Code Section 11362.5) which was intended to decriminalize cultivation and possession of medical marijuana by a seriously ill patient, or the patient's primary caregiver, for the patient's personal use, and to create a limited defense to the crimes of possessing or cultivating marijuana. The Act further provided that nothing in this section shall be construed to supersede legislation prohibiting persons from engaging in conduct that endangers others, or to condone the diversion of marijuana for non-medical purposes.

E. The State enacted SB 420 in 2004 (known as the "Medical Marijuana Program Act", codified as Health and Safety Code Section 11362.7 et seq.) to expand and clarify the scope of The Compassionate Use Act of 1996 by creating the Medical Marijuana Identification Card program, creating reasonable regulations for cultivating, processing, transporting and administering marijuana, as well as limiting the amount marijuana a qualified individual may possess. The Medical Marijuana Program Act defines a "primary caregiver" as an individual who is designated by a qualified patient or by a person with an identification card, and who has consistently assumed responsibility for the housing, health, or safety of that patient or person and is further defined in the California Supreme Court decision People v. Mentch (2008) 45 Cal.4th 274.

F. The County's geographic and climatic conditions, which include dense forested areas receiving substantial precipitation, provide conditions that are favorable to outdoor marijuana cultivation, thus growers can achieve a high per-plant yield. The Federal Drug Enforcement Administration reports that various types of marijuana plants under various planting conditions may yield averages of 236 grams, or about one-half (1/2) pound, to 846 grams, or nearly two (2) pounds.

G. The strong distinctive odor of marijuana plants creates an attractive nuisance, alerting persons to the location of the valuable plants, and has resulted in burglary, robbery and armed robbery.

H. The strong and distinctive odor of marijuana plants creates a need to ensure that smells that disrupt the use of adjacent properties are minimized, much in the same way that the County has ordinances currently in place to minimize the smells associated with raising livestock.

I. Children (minor under the age of 18) are particularly vulnerable to the effects of marijuana use and the presence of marijuana plants is an attractive nuisance for children, creating an unreasonable hazard in areas frequented by children (including schools, parks, and other similar locations).

J. The unregulated cultivation of marijuana in the unincorporated area of Yuba County can adversely affect the health, safety, and well-being of the County, its residents and
environment. Comprehensive civil regulation of premises used for marijuana cultivation is proper and necessary to avoid the risks of criminal activity, degradation of the natural environment, malodorous smells, and indoor electrical fire hazards that may result from unregulated marijuana cultivation, and that are especially significant if the amount of marijuana cultivated on a single premises is not regulated and substantial amounts of marijuana are thereby allowed to be concentrated in one place.

K. The indoor Cultivation of substantial amounts of Marijuana within a residence presents potential health and safety risks to those living in the residence, especially to children, including, but not limited to, increased risk of fire from grow light systems, exposure to fertilizers, pesticides, anti-fungus/mold agents, and exposure to potential property crimes targeting the residence.

L. Comprehensive restriction of premises used for marijuana cultivation is proper and necessary to address the risks and adverse impacts as stated herein, that are especially significant if the amount of marijuana cultivated on a single premises is not regulated and substantial amounts of marijuana are thereby allowed to be concentrated in one place.

M. Outdoor marijuana cultivation, especially within the foothills, is creating devastating impacts to California’s surface and groundwater resources. The State Water Resources Control Board, the North Coast Regional Water Quality Control Board, the Central Valley Regional Water Quality Control Board and the Department of Fish and Wildlife have seen a dramatic increase in the number of marijuana gardens, and corresponding increases in impacts to water supply and water quality, including the discharge of sediments, pesticides, fertilizers, petroleum hydrocarbons, trash and human waste. The sources of these impacts result from unpermitted and unregulated timber clearing, road development, stream diversion for irrigation, land grading, erosion of disturbed surfaces and stream banks, and temporary human occupancy without proper sanitary facilities.

N. The immunities from certain prosecution provided to qualified patients and their primary caregivers under State law to cultivate marijuana plants for medical purposes does not confer the right to create or maintain a public nuisance. By adopting the regulations contained in this Chapter, the County will achieve a significant reduction in the complaints of odor and the risks of fire, crime and pollution caused or threatened by the unregulated cultivation of marijuana in the unincorporated area of Yuba County.

O. Nothing in this Chapter shall be construed to allow the use of marijuana for non-medical purposes, or allow any activity relating to the cultivation, distribution, or consumption of marijuana that is otherwise illegal under State law. No provision of this Chapter shall be deemed a defense or immunity to any action brought against any person by the County of Yuba, Yuba County District Attorney, the Attorney General of State of California, or the United States of America.

P. In Browne v. County of Tehama, 213 Cal. App. 4th 704 (2013), the California Court of Appeal stated that “Neither the Compassionate Use Act nor the Medical Marijuana Program grants . . . anyone . . . an unfettered right to cultivate marijuana for medical purposes. Accordingly, the regulation of cultivation of medical marijuana does not conflict with either
statute.” Similarly, in City of Riverside v. Inland Empire Patients Health & Wellness Center, Inc., 56 Cal. 4th 729 (2013), the California Supreme Court concurred that “Nothing in the CUA or the MMP expressly or impliedly limits the inherent authority of a local jurisdiction, by its own ordinances, to regulate the use of its land . . . .” Additionally, in Maral v. City of Live Oak (2013), 221 Cal.App. 4th 975, 983, review denied 2014 Cal. LEXIS 2402 (March 26, 2014), the same Court of Appeal held that “there is no right—and certainly no constitutional right—to cultivate medical marijuana . . . .” The Court in Live Oak affirmed the ability of a local governmental entity to prohibit the cultivation of marijuana under its land use authority.

Q. On May 1, 2012, the Board of Supervisors adopted Ordinance No. 1518 to regulate marijuana cultivation. On December 18, 2012, Ordinance 1522 was adopted revising Ordinance 1518 to modify enforcement procedures and requirements to a specific plant count based on property size from square foot of area for cultivation. The provisions of both Ordinances have proven to be inadequate to control the negative impacts of marijuana cultivation. Since the adoption of Ordinance No. 1522, there has been increased Marijuana Cultivation throughout the unincorporated areas of the County in violation of the provisions of that ordinance. In addition, the graduated areas for cultivation, based on parcel size, have proven cumbersome and problematic to administer and enforce. For example, the original limits were based on square feet of total Cultivation area, leading to uncertainty in measurement when the plants were not cultivated in a defined contiguous area, and the need for multiple inspections throughout the grow season. The current revisions contained in this ordinance are intended to address the aforementioned concerns, and simplify the regulations to be more readily understood by those affected, to expedite the code enforcement process and to more effectively control the adverse impacts associated with marijuana cultivation as stated herein, while considering the desires of Qualified Patients and their Primary Caregivers.

7.40.130 Scope
The provisions of this Chapter shall apply generally to all property throughout the unincorporated area of the County of Yuba.

7.40.140 Responsibilities
A. Regardless of whether an owner is in actual possession of his or her real property, it is the duty of every owner of real property within the unincorporated area of Yuba County to prevent a public nuisance from arising on, or from existing upon, his or her real property.

B. No person or entity shall cause, permit, maintain, conduct or otherwise allow a public nuisance as defined in this Chapter to exist upon any property within their control and shall not cause a public nuisance to exist upon any other property within the unincorporated limits of the County of Yuba. It shall be the duty of every owner, occupant, and person that controls any land or interest therein within the unincorporated area of the County of Yuba to remove, abate and prevent the reoccurrence of any public nuisance upon such land.
7.40.150 Private Right of Action
Nothing contained in this Chapter shall be construed to prohibit the right of any person or public or private entity damaged by any violation of this Chapter to institute a civil proceeding for injunctive relief against such violation, for money damages, or for whatever other or additional relief the court deems appropriate. The remedies available under this Chapter shall be in addition to, and shall not in any way restrict other rights or remedies available under law.

   a. The name of each person, owning, leasing, occupying, or having charge or possession of the premises;
   b. The name of each qualified patient or primary caregiver who participates in the cultivation, either directly or by providing reimbursement for marijuana or the services provided in conjunction with the provision of that marijuana;
   c. A copy of the current valid medical recommendation or State-issued medical marijuana card for each qualified patient identified as required above, and for each qualified patient for whom any person identified as required above is the primary caregiver;
   d. The number of marijuana plants cultivated on the premises; and
   e. Such other information and documentation as the Department determines is necessary to ensure compliance with State law and this Chapter.

2. The registration shall contain a statement in substantially the following form: By submitting this registration, the property owner and the cultivator, if different, will allow an enforcing officer(s) to enter the property, at a reasonable time, to inspect for compliance with this Chapter.

3. The registration shall contain a statement, under penalty of perjury, that the information is true and accurate.

C. Where the registration application is deemed complete, and no violations or conditions are identified to prohibit marijuana cultivation, a registration number shall be provided to the applicants. The registration number shall be kept with the cultivation and shall be presented to the inspecting officer upon request.

D. This information and documentation shall be received in confidence, and shall be used or disclosed only for purposes of administration or enforcement of this Chapter or State law, or as otherwise required by law.

E. The Board of Supervisors shall, by Resolution, establish a fee for such annual registration in accordance with all applicable legal requirements.

F. Every registration under this Chapter shall be valid for no more than one calendar year and shall expire on December 31st of that year. An expired registration shall be renewed in the same manner as an initial registration hereunder. In the event that the registration of any premises for any calendar year is submitted after March 1st of that year, the registrant shall pay a late registration penalty equal to fifty percent (50%) of the applicable registration fee. The Director of CDSA may waive the late registration penalty if the failure to timely register
was due to reasonable cause and not due to willful neglect.

G. If the person(s) cultivating marijuana on any legal parcel is/are not the legal owner(s) of the parcel, such person(s) shall submit a notarized letter from the legal owner(s) consenting to the cultivation of marijuana on the parcel. Notwithstanding the foregoing, the owner of a Parcel where the cultivator has not obtained a notarized letter shall still be responsible for any nuisance that has been determined to exist upon their property. The Department shall prescribe forms for such letters.

H. No person(s) shall have any vested rights to any authorization, right, or interest under this Ordinance, regardless of whether such person(s) cultivated marijuana prior to the adoption of this Ordinance. Nothing in this section shall be construed to confer a right to cultivate marijuana prior to the actual approval of a registration application by the Department.

ARTICLE 4
PUBLIC NUISANCE

7.40.400 Conditions Creating Public Nuisance
A public nuisance shall be deemed to exist when any of the following conditions or circumstances is present:

A. Any person owning, leasing, occupying or having charge or possession of any Parcel within the unincorporated area of the County to cause or allow such Parcel to be used for the cultivation of marijuana in violation of the provisions contained herein or any provisions set forth in Division 10 of the California Health and Safety Code.

B. The cultivation of marijuana on a Parcel that does not have an occupied legally established Dwelling in conformance with this Chapter.

C. The cultivation of marijuana on a Parcel by anyone other than a qualified patient or a primary caregiver. A physician’s recommendation shall be kept onsite at all times and shall be posted in plain view for inspection. Where multiple people are cultivating, each physician recommendation shall be posted.

D. Marijuana plants in public view as defined in Section 7.40.200 of this Chapter.

E. The cultivation of marijuana in a manner that exceeds 12 plants.

F. The improper use, storage and/or disposal (per the manufacturer's instructions and/or any law that governs same) of chemicals, fertilizers, gas products (CO2, butane, etc.) or any other products or equipment associated with the cultivation of marijuana.

G. Any violation of any Ordinance or State law or any public nuisance defined or known at common law or in equity jurisprudence.
ARTICLE 5

7.40.500 Enforcement Authority
The Office of the Yuba County Sheriff and/or the Director of the County Department that has been assigned responsibility for administration of Code Enforcement services are hereby designated to enforce this Chapter.

7.40.510 Right of Entry/Inspection
To enforce the provision of this Code, an Enforcement Officer may at a reasonable time request inspection of any parcel suspected of cultivating marijuana. If the person owning or occupying the parcel refuses the request for an inspection, the Enforcement Officer shall have recourse to every remedy provided by law to secure entry, including obtaining an inspection warrant.
